

Southall

School

If

your

friends

have been

sent

home

You

are reading this story

because

you

are a

pupil

at

Southall

School

and

some

of

your

friends

have been

asked

to

stay at

home.

At the moment the world is in the middle

of a pandemic . A pandemic is when

lots of people get ill with the same

virus in a large area .

123

The number of people catching Covid 19 is

increasing again. This is happening in

lots of different countries.

The Government wanted all pupils to come back

to school and to continue learning. The government

made it safe by making new rules.

The government are trying to stop the virus

spreading in the United Kingdom. They are using

a system called Track and Trace to stop the

virus spreading .

Track

and

Trace

is

when

someone

has

a

positive

Covid19

test

,

that

means

they

have

Covid 19

,

all

the

people

who

had

contact

with

the

person

are

asked

to

stay at

home

for

two weeks.

They

are

asked

to

stay at

home

from

when

they

last

had

contact

with

the

person

with

a

positive

test.

When

you

are asked

to stay at

home

for two weeks

it does not

mean

you

have

Covid 19

. It does not

mean

that

you

will

get

Covid 19.

It is to

keep

everyone

safe

as

you

may

get

Covid 19.

The people who you live with

do not need to stay at home unless

they start to show symptoms.

The symptoms are loss of taste or

smell, a new persistent cough or a

38

temperature of 38 degrees or more.

You

may

feel scared

that

your

friends

have been

asked

to stay at

home

for two weeks

and that's

ok.

You

may

feel

happy

that

your

friends

have been

asked

to stay at

home

and

that

is ok

too.

It is

ok

to

tell

the

people

who

you

live

with

or

staff

at

school

how

you

feel

and

they

can

help

you

I

will not

visit

my

friends

if

they

have been

sent

home

or

arrange

to

meet

them

outside

of

school.

I

will

keep

everyone

safe.

I can

contact

them

by

mobile phone

only.
