

Guide to set up push notifications for on iPhone or iPad

Go to settings and on this page, you can scroll downwards, and it will show all your installed apps all you need to do is scroll down on this screen and then locate Teachers 2 Parents

Once you have found the Teacher to Parents click it and this screen should show, now click the notifications tab.

Now you are in the notifications tab press the button on the right to enable them. Once this has been clicked it will turn green.

Finally, when the notifications are enabled, set all of your settings to this
