# INSPIRE+ FUTURE SKILLS PROGRAMME

## Our Mission

- To provide equal opportunity to students to progress in further education regardless of background or previous learning experiences
- Enhance and improve each learners employability, life and work ready skills and in turn having a positive impact within our community

## Why Crossbar Education & Training?

- Bespoke approach, catering to each student's pathway, through academic studies and real life working experiences
- Further Education for school leavers and post 16 students with a statement of SEN or learners with an EHCP
- Supporting all learners needs and abilities through 1:1, 1:2 or small groups
- Supporting harder to help students and NEET learners where other FE or ISC settings are unable to meet their needs.
- Flexible and bespoke timetables with transport for students
- Our impact data shows current student attendance levels above 90%, attainment levels above 95% and 100% of parent/carer feedback identifying a positive change with students attitude to learning and their education

## Education

- NCFE Qualification in Occupational Studies from Entry Level 3 up to Level 2 with a focus on Employability and Social Development alongside a subject suitable to each individual learners particular area of interest or chosen career path
- Variety of study options including; Land based, Construction and Engineering, Motor Vehicle, Hospitality and Catering, Design, Media and Technology, Office and Business, Retail and Service Enterprise, Sport, Leisure and Tourism, Hairdressing and Beauty
- Functional Skills in both English and Maths
- Princes Trust Achieve Programme
- Hands on and practical approach to learning with physical activities built into each learners curriculum
- Nurtured approach and support from 1:1 education mentors
- Tailored curriculum understanding each students interests and needs

**What makes us unique?**

- Work experience placements and opportunities with local community based companies in learners chosen industry
- Pathways and exit routes into mainstream education, apprenticeships and employment working alongside the local Job Centre and the recently approved Kickstart programme
- Close relationships with social care teams assisting with student reviews and progress reports
- Offering opportunity to hard to help, NEET, higher needs, EHCP and SEND students
